WARNING

The new firmware of version 2.00 and later for the ET-7200/PET-7200 is not compatible with the previous version (before V2) of ET-7200/PET-7200 hardware module.

DO NOT upgrade firmware version 2.00 or later on your ET-7200/PET-7200 V1 modules, otherwise the module will need to be returned for repair.

	ET-7200/PET-7200 V2 Module	ET-7200/PET-7200 V1 Module
Firmware Version 2.00 or later	✓	X
Firmware Version 1.xx	X	✓

How to check the hardware version of your ET-7200/PET-7200?

You can check the hardware version of your ET-7200/PET-7200 module by checking whether a "V2" label is present on the top cover or not.

ET-7200 V2 module: Marked with V2

ET-7200 V1 module: No version mark

PET-7200 V2 module: Marked with V2

PET-7200 V1 module: No version mark
