How to edit the language file?

Δ	nr	olie	Ы	to.
А	μμ	ле	u	ω.

Platform	OS Version
PC	Windows 98/NT/2000/XP/Vista

EZ Data Logger provides multi-language support for User Interface. You can change it in the main form: click **Project** from menu \rightarrow point to **language** \rightarrow select the language that you want.(Default settings providers three language options: English \sim Simple Chinese \sim Traditional Chinese.) The language conversion steps such as shown in the picture below \downarrow

🙀 EZ Data Logger Basi	ic Edition ¥4.5.2 2012	/03/30 2 hours trial	01:37 C:VICPDASV	EZ_Data_Logger\Projec	t\Alarm.ini
Project Execute User S	etup Help				
New Project Open Project Save Project As	Pause Re	corr	Group Setup Open Da	atabase Exit	S About
Open Database					
Exit	English Simple Chinese Traditional Chinese Jroup 1	Workg	jroup2	Workg	Jroup3
Gauge	Trend	Gauge	Trend	Gauge	Trenc

If you want additional User Interface language, you can add and edit the language file in the "Language" folder which is in the EZ Data Logger installation folder. After restarting EZ Data Logger, the language you added will be automatically load into the software and you can select it to change the User Interface language. Please refer to the below German demo to build a new one.

Step3: Double-click **German.ini** to open the file \rightarrow Translate the English option behind the equal sign into German individually.

EX: <u>Project</u>→<u>Projerk</u> \ <u>Execute</u>→<u>Ausfuhren</u>...

Step4 : Restart EZ Data Logger, and then from menu click Project in the main form→ Point

to $language \rightarrow German$ option is shown in the language list, and select it to change.
