Q: How to update the Firmware for PDS-700 series module?

If the module is not functioning correctly (e.g. there is no response to a search request, or if the system LED is continuously displayed as either OFF or ON), download a new image of the firmware from the ICPDAS web site and then update the firmware.

For detailed information regarding how to update the Firmware for your module, refer to the **Firmware update user manual**.

The location of the user manual on the CD and the download address are shown below:

For PDS-700 Series

CD:\\ NAPDOS\PDS\PDS-700\VxComm\server(PDS)\

[http://ftp.icpdas.com/pub/cd/8000cd/napdos/pds/pds-700/vxcomm/server\(pds\)/](http://ftp.icpdas.com/pub/cd/8000cd/napdos/pds/pds-700/vxcomm/server(pds)/)
