OS Version 1.0.1.0 2016/11/28

- Initial Release.
- The All-in-one OS image supports multi-language: English, French, German, Italian, Japanese, Korea, Russian, Portuguese, Spanish, Simplified Chinese, and Traditional Chinese.
- The PAC Utility built into the OS helps you to get system information, set auto execution programs, set EWF protection, and easily change the display language.
- The DCON Utility Pro helps you to easily configure and test the ICP DAS I/O modules via the serial port (RS232/485) or Ethernet port (using virtual com port).
