Q: What built-in symbols and special character can be used for TPD/VPD series?

A: TPD/VPD series built-in fonts support ASCII code between 32 and 126 characters, but does not include some special characters, such as “<”, “>”, “\”, “^”, “_”, “{”, “|”, “}”, or “~” characters. The types of symbols and characters that you can use depend on the font that you choose. The following is detailed information about the font support symbol and special character.

➤ Font: Cm

(Note: The Cm font does not support red strikethrough parts.)
