# How to use FTP/Telnet authentication

Platform	OS version	WinPAC/ViewPAC utility version
WinPAC series	All versions (WinCE5)	All versions
ViewPAC series	All versions (WinCE5)	All versions

Please perform the follow steps to set the "User name" and "Password" for users to login the WinPAC/ViewPAC per Telnet or FTP.

If you are a ViewPAC user, use ViewPAC to replace WinPAC in the context.

### Add a user account for FTP and Telnet

**Step1:** In WinPAC utility, click "Network Settings" tab and then "Users and Passwords" tab **Step2:** Type the user name and password.

The length of input characters must be less than 20.

Step3: Press the "Add" button.

Step4: The new user name and password will be added in.

Step5: Check the pop-up dialog box for login succeeds
